

Naturalist Series: An Overview of Deer Management in Ohio

THURSDAY, OCTOBER 28 • 6:30 P.M.

SPEAKER: Michael Tonkovich, Ph. D., Deer Program Administrator, ODNR Div. of Wildlife

Topics to include a very brief history of deer in Ohio, the process for setting management goals (increase, decrease or maintain deer population), an overview of tools used to achieve management goals, deer herd condition and disease updates, and current management challenges and opportunities followed by a Q&A session.

This program is planned to be held in-person
