

# Gardening For Pollinators

**Thursday, May 19th 1:00 pm to 4:00 pm**

**SPEAKER:** Denise Ellsworth, Program Director - Pollinator Education

Gardeners play a vital role in the development and conservation of habitat that benefits pollinators, including bees, birds and butterflies. This program will focus on some of the most common pollinators, including their fascinating biology and life histories. Participants will also learn practical steps everyone can take to create or enhance habitat, including plant selection and garden themes and simple design elements. By creating a patchwork of garden spaces that provide food and shelter for pollinators, gardeners can positively impact the health and survival of these important creatures.

**Class to be held IN-PERSON at the Mahoning County Extension Office: 490 S. Broad St., Canfield, OH 44406**

**COST: \$30.00 per person**

**\*Current health guidelines and regulations will be followed.**

**REGISTRATION INFORMATION.** Registration includes program and handouts.

Please mail to 490 S. Broad St. Canfield, OH 44406, fax (330-533-2424), or drop off the registration to the OSU Extension Office in Canfield. The program is filled on a "first come, first served basis."
