

# Naturalist Series: A Concert of Crickets and Katydid

**TUESDAY, August 16 • 6:30 P.M.**

**SPEAKER: Lisa Rainsong, Listening in Nature**

Bird song is the first music we hear each year, and frogs and toads join the birds throughout spring and into the summer. But late summer and early autumn? Crickets and katydids take the stage for nature's final performances of the year. Dr. Lisa Rainsong from the Cleveland Institute of Music will introduce you to the members of this delightful ensemble and explain how to identify who's doing all this singing! We will begin with an indoor presentation, then move outside to search for nearby singers.

**Class to be held IN-PERSON at the Mahoning County Extension Office: 490 S. Broad St., Canfield, OH 44406**

**COST: FREE**

**\*Current health guidelines and regulations will be followed.**

-----  
**REGISTRATION INFORMATION.** Registration includes program and handouts.
