

Jean Craig Award Application

This award honors the memory of 4-H advisor and volunteer Jean Craig. The Jean Craig award was established to recognize a club that demonstrates an outstanding commitment to community service.

Jean was an extremely active 4-H advisor for 10 years with the Berlin Duckaroos 4-H Club, which is no longer active. She was also a nurse by profession. Jean helped with many food and health projects during her years with Mahoning County 4-H. She even taught 4-H members first aid. Jane valued community service and enjoyed participating in service activities, so when she passed in March 1991, Jan and Kathy Moser instituted this award in her memory. It was first awarded at the Canfield Fair in the fall of 1991, making this is the 26th year of the award.
