4-H has something for everyone:

Youth complete hands-on projects in various areas of their choice and interest such as Sewing, Cake Decorating, Photography, Healthy Living, Science (STEM), Archery, Agriculture, and Citizenship to name a few. No matter what project you choose all projects will include mentoring and career readiness as core elements.

The 4-H Way

4-H is a researched-based experience that includes a mentor, a hands-on project, and meaningful leadership opportunities. They will be encouraged to become mentors to younger youth, help in the community and learn public speaking skills.
