# From Bedrock to Blast Furnaces: Iron Ore in the Valley

Uncover the geologic story behind Youngstown's rise as a Steel City, exploring how ancient iron-rich deposits in Mahoning County—formed millions of years ago—fed early furnaces and sparked an iron industry that reshaped the region's history.

Speaker: *Diana Alexander, Geologist and Mill Creek Park Educator*

**Credit Cards are now accepted. Call 330-533-5538 to register.**
