► Camp Whitewood's Goal

The goal of 4-H Camp Whitewood is for each camper to grow in appreciation, respect, and knowledge of:

- Oneself
- Those living things with whom the camper shares the Camp environment: the relationship to one's peers, the adults who help at camp and the creatures and plants in the surrounding environment.

The Mission of Northeastern Ohio 4-H Camps, Inc is the educational development of positive and productive life skills accomplished through group interaction in the unique natural environment of the Whitewood Campus.

4-H County Camps

Campers stay very busy during their time at Whitewood, enjoying campfires, singing, crafts, hiking, swimming, shooting sports, boating, games and much more. Evening activities are planned by the county 4-H Camp Counselors which provide a twist to the daily recreation activities. **Campers do not need to be in 4-H or live in a certain county to attend camp.**

Counselors

Youth ages 15 to 18 have applied to be Camp Counselors. Counselors are trained throughout the year to help them get ready for the week long camp. They learn the skills needed to mentor and lead during the week of camp. These counselors are from Portage, Mahoning, Columbiana and Stark 4-H programs and are ready to make lasting memories with your campers!

About Camp Whitewood

Established in 1940, Camp Whitewood provides year-round outdoor educational opportunities on 227 acres in northeast Ohio. Nestled between beautiful Warner's Hollow and historical orchards, the unique campus is also home to Young Adventurers Day Camp, Grindstone Creek Lodge & Conference Center.

4-H Camp Whitewood is proud to be accredited by the American Camp Association (ACA), together we believe the camp experience is essential to every child's growth and education.
